How It Works:

- A Full Share Membership includes a weekly box of produce that you pick up at the farm on either Tuesday or Saturday or at the Raleigh/Cary area dropsites. Half Share Members get the same amount of produce each week but choose 10 weeks during the season to pick-up their shares. Half shares are only available at the farm pick-up.
- Work share members also receive the same amount of produce as Full or Half share members except at a discounted price in exchange for **6 hours** work on the farm sometime during the season. Must be at least 16 years of age to work.
- Members fill their own boxes from the variety of produce available each week at the farm. Members receive a pre-packaged box of produce at the Ral./Cary area dropsites. The farm will fill boxes with an alternating selection of products to offer variety.
- Please notify the farm in advance if you plan to miss a week by email or call **Fred's cell phone at 919-618-5601**. You may also have someone else pickup for you to avoid forfeiting your weekly share. No refunds for unused weeks or weather related loss.
- All start and ending dates and quantities of produce are dependent on the weather. Although, we try very hard to supply each week with an average of \$23 worth of organic produce (excluding sales tax), please know that it is an average spread out over the course of the season and some weeks may be larger than others.

Members assume the risk and bounty that nature provides!
