How It Works:

- A Full Share membership includes a weekly box of sustainably grown produce that you choose to pick up at the farm or have delivered to one of our Raleigh, Cary, or Holly Springs dropsites. Half Share Members get the same amount of produce each week as a Full Share but for fewer weeks and choose which 10 weeks during the season to receive their shares.
- Work Share members also receive the same amount of produce as Full or Half share members at a discounted price in exchange for **6 hours** work on the farm, to be performed sometime during the season. Must be at least 15 years old to work.
- Farm Pick-up members fill their own boxes from the variety of produce available each week at the farm within the farms' guidelines. The Raleigh/Cary/HS dropsite members receive a pre-packaged box of the same produce. The farm fills the boxes with an alternating selection of veggies that are available each week to offer variety.
- **Please notify the farm in advance if you plan to miss a week** by email, phone or text to (919-618-5601). You may also have someone else pickup for you to avoid missing your weekly share. No refunds for unused weeks or weather-related loss.
- All start and ending dates and quantities of produce are dependent on the weather. We aim to supply each week with an average of \$25 worth of produce based on organic prices and some weeks may be larger than others.
